DECLARATION

Customer Service Window
Randolph Building

Mail Stop **AMENDMENT**

We, David KO and Jash LIN, declare:

1. Our company, BIOBIZLAW INC., was retained by Yeastern Biotech Corporation to coordinate the filing of the above-noted patent application in the U.S. Patent and Trademark Office on behalf of the inventors.
2. Based on the inventor information provided, U.S. patent counsel provided us with a Declaration and Power of Attorney ("Declaration") and an Assignment document

naming Jiunn-Liang KO; Yu-Lu HUANG; Tzu-Chih CHEN; Hsu-Wei HUNG; Ho-Lung JIANG; Ching-Lung HU; Cheng-Chun KUAN and Hsuan-Ju THOU as the inventors.

3. On July 26, 2006, a copy of both the Declaration and the Assignment documents (collectively, the “formal documents”) and the patent disclosure were forwarded to each of the named inventors at their last known mailing address. See Attachment 1

4. Included with the formal documents was a letter advising the inventors that they could verify the scope and accuracy of the disclosure by referencing, for example, application PCT/CN2004/001044 or published application WO/2005/070375, and noting the availability of these documents at www.wipo.int/pctdb/en/search-adv.jsp.

5. The letter provided to the inventors with the formal documents also explained the requirement under 37 C.F.R. § 1.64 that each of the actual inventors must execute an Oath or Declaration in compliance with 37 C.F.R. § 1.63 in order to complete the application. See Attachment 2

6. Also included with the formal documents was a reply form on which the inventor(s) could provide additional explanation in the event they were unwilling to sign the Declaration. See Attachment 3

7. Signed Declaration documents were subsequently received from inventors Jiunn-Liang KO; Yu-Lu HUANG; Tzu-Chih CHEN and Hsuan-Ju THOU, but signed Declaration documents were not received from Hsu-Wei HUNG; Ho-Lung JIANG;

Ching-Lung HU or Cheng-Chun KUAN.

8. In the absence of signed Declarations, Jash LIN, under the direction of David KO, initiated additional attempts to contact inventors Hsu-Wei HUNG; Ho-Lung JIANG; Ching-Lung HU and Cheng-Chun KUAN (hereinafter the “recalcitrant inventors”) by telephone.

9. When contacted by Jash LIN, recalcitrant inventor Hsu-Wei HUNG advised that he refused to sign the Declaration until such time as a dispute regarding the assignment of rights in the invention with Yeastern Biotech Corporation is resolved to his satisfaction.

10. When contacted by Jash LIN, recalcitrant inventor Ho-Lung JIANG specifically advised that he refused to sign the Declaration until such time as a dispute regarding the assignment of rights in the invention with Yeastern Biotech Corporation is resolved to his satisfaction.

11. When contacted by Jash LIN, recalcitrant inventor Cheng-Chun KUAN specifically advised that he refused to sign the Declaration until such time as a dispute regarding the assignment of rights in the invention with Yeastern Biotech Corporation is resolved to his satisfaction.

12. Despite continuing efforts to contact Ching-Lung HU between September 29, 2006, and November 13, 2006, neither David KO nor Jash LIN was able to establish direct contact with the final recalcitrant inventor, Ching-Lung HU.

13. Efforts by David KO and Jash LIN to contact Ching-Lung HU included repeated calls to his most recent home phone, his cell phone and contacting certain of his known family have been unsuccessful in establishing direct with Ching-Lung HU. The outgoing voicemail message and Jash LIN's discussions with his family members confirmed the accuracy of our contact information.

14. Accordingly, despite confirmed contact with the recalcitrant inventors, signed Declaration or Assignment documents have not yet been received from recalcitrant inventors Hsu-Wei HUNG; Ho-Lung JIANG; Ching-Lung HU or Cheng-Chun KUAN.

15. We hereby declare that all statements made herein of our own knowledge are true, and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements, and the like so made, are punishable by fine or imprisonment, or both, under 18 U.S.C. § 1001, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Title: Communication Report

March 06, 2007

Page: 1 + 25

Dear Examiner :

Our firm was authorized to communicate all inventors in the case of patent application No. 10/576,563 by Yeastern Biotech Corporation and to ask them to sign documents needed for the process of patent application, which were ASSIGNMENT and DECLARATION AND POWER OF ATTORNEY. We had tried to inform inventors by mail at July 27, 2006. In this **letter**(please see attachment 1), we had informed them of all application information included specification, claims and figures et al. by searching application no. PCT/CN2004/001044 or publication no. WO/2005/040375 at web site: www.wipo.int/pctdb/en/search-adv.jsp. We sent the two documents of **ASSIGNMENT**(please see attachment 2) and **DECLARATION AND POWER OF ATTORNEY**(please see attachment 3) enclosed by this letter. A **reply form**(please see attachment 4) was also sent with this letter for explaining why they would not like to sign the above two documents if they refuse to sign their names. However, there was no response from the following four inventors: Messrs HUNG, JIANG, HU and KUAN. The **mail receipt**(please see attachment 5) proved that we had tried to communicate these four recalcitrant inventors. In this mail receipt, Messrs HUNG, JIANG, HU and KUAN were marked by fluorescent marker.

After mail, we turned to get in touch with Messrs HUNG, JIANG, HU and KUAN by phone-calling and made a **phone record**(please see attachment 6). This phone record also showed that we had tried very hard to communicate with inventors, but Messrs HUNG, JIANG, HU and KUAN still had no wills to sign.

Sincerely yours,

David Ko
President
